They're Our Policemen - Thanks!

Disregard for Authority, whether private, of a legal organization, or governmental is a mark of decadence in any civilization.

This disregard is an abcess of public thinking, not only in Los Angeles, New York, Chicago and Detroit, but in the small community.

The Judges of courts, municipal, county, district and federal lend comfort to this cancerous growth by their leniency; many place the so-called "rights" of the criminal above justice and equity to the offended public.

The current Administration, and its predecessor, have given, do give aid and comfort, and apparently will continue to fertilize this "sticker-weed" in the fields of public sentiment through suggestions, public approbation, and what some call "political expediency."

The harvest of the "crop" is under way in mass riots, group violations of rights, and individual acts of defiance and aggression to Peace Officers.

The job of a policeman today is a profession, and they receive generally a laborer's pay for long and irregular hours.

They risk their lives daily for your and my protection under restraints not obligatory to you and me; they are forced to accept insults and bodily harm without retaliation — they must turn the other cheek, or be hailed before the "Bars of Justice" for violating some chicken-livered felon's "rights."

It's time we gave thought to our POLICEMEN, his hours, his pay his family life, his own well being — and OUR WELL BEING!

Belle Glade is fortunate, we know, in it's Police Force!

They're not "lilly white of conscience or hands," we're sure, for we've heard no wings flapping around the headquarters, but THEY ARE OUR POLICEMEN — they stand between us and crime.

Credit Where Credit Is Due!

Four Belle Glade citizens returning from work in West Palm Beach stopped their car, when one of them saw thru the rear-view mirror a car which they had just passed flip over into the roadside canal, and returned to the scene as quickly as practicable.

Without hesitation the four entered the canal and approached the sinking car in which a man was observed. Finding the doors difficult to open, a window was busted, and the man removed just as the car was sinking beneath the water.

The passenger appeared a bit groggy, and blood was evident from lacerations. They placed the victim in their own car and sped to the Glades General Hospital.

One of the rescuers, Andrew Butler was treated for cuts on his wrist and forearm at the hospital.

The man rescued is City Solicitor for Belle Glade, and he reports suffering a dizzy spell to such an extent

that he remembers very little concerning his collision with a bridge abutment, and the rescue. The four Belle Glade Citizens saved the man's life by their timely and prompt action, with little regard for their own safety, but with considerable risk.

The other three in the rescue party are: Frank Taylor, Harvey Mackey and Willie Tolbert.

All four of the rescuers are negroes; the rescued is a white public official.

The rescuers didn't know the color of the man in the car when they went in after him; the victim didn't know who rescued him until afterwards.

The Act, the intentions behind that act, the disregard for personal danger, and the promptness are performance that should be recognized.

We recognize this unselfish act, and SALUTE the four!

We believe that they should be officially and substantially recognized —What do you think?

Uncle Dan From Doolie Says:

DEAR MISTER EDITOR:

The fellers at the country store has final found out what's wrong with the national economy. Ed Doolittle explained it to 'em Saturday night.

Ed brung along a magazine some feller had sent him with a piece in there marked for him to read. The name of the magazine was 'The Atlantic' and this piece was wrote by a expert named Truman Moore. The piece was taking the stand that, after everything in this country was cut and dried, manufactured and sold, hauled and delivered, the farmer was the real backbone of the nation on account of nobody could eat if it wasn't for the farmer and when folks can't eat that is all she wrote.

Well, this feller Moore took a example from McAllen, Texas, where a truck farmer averaged \$80.85 per acre for his tomato crop and them same tomatoes brung a net total of \$9,660 a acre sold over the counters of stores in Denver. The difference between that \$9,660 and \$68.85, claimed this writer, was what was wrong with the American economy and was the cause of the dole, give-away programs and the national debt.

It could be, Mister Editor, that this feller has got a point, but you would know more about these matters than-me. But I do know on the other side of the fence they was a heap of so-called farmers that ain't actual

contributing nothing to the national food box but that was sharing in the hand-out benefits. Bug Hookum, fer instant, is so lazy it makes him break out in a sweat to whistle a short tune and when he gets to whittling on a piece of soft pine he breaks out in a sweat all over. He don't raise nothing but a few chickens and then his old lady has to gather the eggs. Actual, if the Government keeps insisting on taking over the farm business, they had ought to make Bug sell his chickens and take a job at the sawmill.

But Clem Webster of the Great Society was of the opinion that sooner or later the Congress would git the farm problem worked out. He claimed the day was coming when the farmer from McAllen would git more for his tomatoes and the consumer would pay less. Clem said he could recollect ont when old Vice President John Nance Garner said them Congressmen, if they put their mind to it, could "air condition hell."

I don't know, Mister Editor, how they was on the air conditioning business but I recollect when they passed the Stabilization Act a few year ago it took 'em 7 months to stabilize prices and the steel industry come alone and unstabilized 'em overnight. I got a hunch the tomato business was going to stay unstabilized a long time.

Yours truly
Uncle Dan

The Voice Of A Small Minority Is Getting Through, Loud And Strong!

Modern Slavery, U.S.A.

The repeal of 14-B and the consequent loss of the right of the individual to work without the permission of power-crazy and wild labor bosses connotes human slavery for the future.

This is just as surely and as completely as anything this nation has experienced in the past, or anything in the way of human misery that exists in other countries fully dominated by Communism in any form at the present time.

"The Man in the Street" must realize how close we are in the U. S. A. to completely losing our FREEDOM just as Mister Khrushchev not only has said we would so many times in the past, but also according to the

very procedure he has so kindly outlined for us — remember Hitler's "Mein Kampf."

It was essentially on the "RED" issue that Senator Pepper was defeated by George Smathers many years ago. It is reported that Pepper is the only Representative from Florida who voted for repeal of 14-B thereby winning a position of "honor."

Nineteen states, including Florida, have a "right-to-work" law; the FREEDOM of these nineteen states must be protected: 14-B MUST NOT BE REPEALED!

"Maybe we'd better speak up John" could well mean you, and you, and YOU — Have you written your Congressman and Senator?

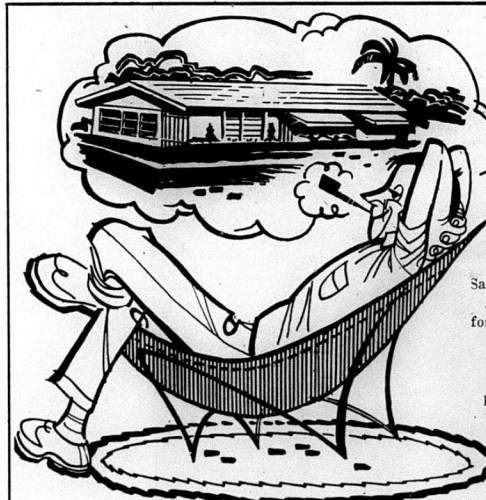

PORTLAND, ME., PRESS-HERALD: "The constitutional rights of persons accused of committing crimes and the right of an orderly society to protect itself against criminals is now the question agitating the American bar and judiciary . . . Pres. Lewis Powell of the American Bar Association stirred great applause at the ABA's Miami Convention when he declared that the right of the citizen to be free from criminal attacks must be put ahead of the constitutional rights of persons accused of crime."

WARWICK, N. Y., ADVERTISER: "You hear much of this or that going to be accomplished with either 'state' or 'federal' funds. This is really a misnomer as the State and United States Governments have no other source of income than the taxpayers . . . Therefore, the Advertiser when referring to any of these funds in future articles will use the term 'New York Tax

payer's' for State funds and 'U. S. taxpayers' for Federal expenditures. We'd like to see all the newspapers in the country adopt the same policy, so that the taxpayer begins to realize he is not 'getting something for nothing.'"

HARRISVILLE, W. VA., RITCHIE GAZETTE: "Sen Robert C. Byrd . . . says that modern meteorologists, armed with electronic devices such as radar, laser beams, and computers . . . may eventually be able to modify the weather — thus possibly altering man's natural environment and changing the course of civilization. . . Judging from bureaucratic controls of every other type that we are familiar with, we can think of no good effect that would result from a bureau's control of the weather . . . We should all start praying, 'Please, Mr. Government, try to get to the moon if you will, but leave the rainmaking and the sunshine to God — He's managed to come through virtually in the nick of time, always, up to now . . .'"

Lake Dike Contract Awarded

A Miami Springs, Fla., firm today was awarded an \$855,818 contract by the U. S. Army Corps of Engineers in Jacksonville for construction of a 25-mile long dike in Conservation Area 3 of the Central and Southern Florida Flood Control Project. Recipient of the contract was Ronlee, Inc.

Known as Levee 67-C, the new 6-foot high dike will parallel Levee 67-A which was completed some time ago. The dike extends diagonally across the southeast corner of Conservation Area 3, a reservoir covering some 914 square miles.

Purpose of the series of parallel levees is to reduce seepage of water from the reservoir, District Engineer Colonel R. P. Tabb said. Porous rock material under the corner of the flood control project's water storage basin permits some of the stored water to seep under the existing levees and escape to the sea. Seepage of some water is necessary. Army Engineers say, in order to provide fresh water for coastal areas, but Army Engineers originally planned a series of dikes diagonally across the corner of the Conservation Area to retard seepage. Only one of those levees (L-67A) has been completed.

As many as five parallel dikes may eventually be constructed, according to Colonel Tabb.

The new dike (L-67C) will be located 6,000 feet southeast of L-67A, Colonel Tabb pointed out. He said the trapezoid-shaped dike will have a 10-foot wide crown and a base of 34 to 40 feet. As a part of the same contract a 72-inch gated water control structure will be built into the levee near the junction of L-67C and L-67A.

The lower 15-mile portion of Levee 67-C and the control structure will be located in Dade County and the remainder of the dike will be in Broward County. The Miami Springs firm submitted the lowest of 3 bids on the work. Completion will be required by the Corps of Engineers within 270 calendar days.

STRONG CHURCHES

Make STRONG COMMUNITIES

Youth Enthusiastic Over New Program

Wednesday night, September 22, was a big night for the Community Methodist Church for this versatile group of teenagers turned out en masse to begin the

Certainly I will be with thee—(Exod. 3:12) There is no place where God is not. Wherever we may be, God is there to guide, to safeguard, and to bless us. God's promise is, "Certainly I will be with you." On land, sea or in the air, under all circumstances God is present. Each day we go forth in safety and in the protecting care of the Most High.

youth choir program of the church. The program throughout the year will also include, in addition to frequent sacred concerts, various youth activities, one of which will be a hootenanny winter roast in the near future. All young people in the Community, who would like to participate in this enthusiastic group are cordially invited to attend the next meeting on Wednesday evening, September 29, at 7:30 p. m. o'clock. REFRESHMENTS WILL BE SERVED!

The accompanist for the group is Mrs. Water Bailey. Any inquiries concerning the group may be channelled to its director, Mr. Tom Starnes of Belle Glade High School. His residence phone is 996-6850.

Jews Observe Religious New Year 5726

On Rosh Hashono, Jewish families all over the world gathered at special religious services in synagogues and began a ten-day period of prayer, which extends through Yom Kippur, Day of Atonement, Oct. 6, for self-evaluation of the past year—their lives, their families, community, and the world.

Rosh Hashono, in the Jewish traditions, commemorate the anniversary of Creation. The prayer book, for this reason, reminds us to render thanks to God for the blessings He has given the gifts of the past and the potentialities of the future. His good earth sustains us, and His world beckons to inquiring minds to look constantly for ever deeper understanding of our world, of ourselves, and of His ways.

There can be no doubt that mankind's difficulties stem from the wrongness of man's heart. In his perversity he cultivates the unseemly aspect of his nature, disdaining his abilities to pursue mercy and justice. Never has the message of Rosh Hashono been as timely as today, with its simultaneous call to man to repent, and its assurance to man that God does not desire the death of the sinner, but that he shall forsake his evil way and live.

On Rosh Hashono Day, the Shofar, or ram's horn, sounded in synagogues as a call to conscience. Rosh Hashono Eve Services were conducted at Temple Beth Shalom in Belle Glade, Sunday, Sept. 26, 1965, at 8:30 p. m. Tuesday, Oct. 5, Yom Kippur Eve "Kol Nidri" services will be 8:30 p. m. at Temple Beth Shalom with Jack Stateman officiating. On Wed. Oct. 6 Day of Atonement will be at Temple Beth Shalom at 8:00 p. m. Yizkor Memorial Service at 11:00 A. M.

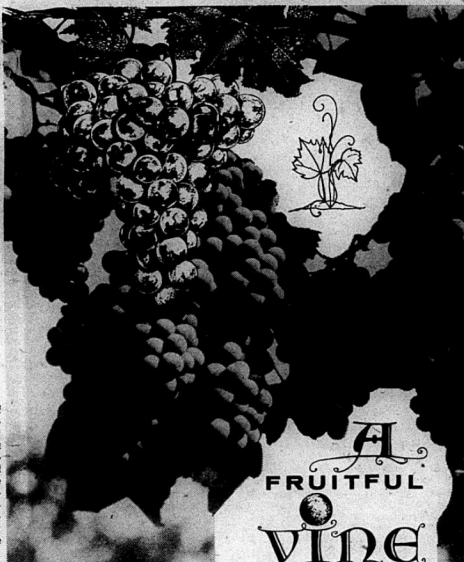

Baptismal Services

First Baptist Church of Belle Glade announces Baptismal services this Sunday night at 7:00 P. M. There are four candidates awaiting baptism. A beautiful service in song led by the Church Choir will be presented, also. You are invited to witness this testimony of these four as they follow their Lord into the baptismal waters. The services on Sunday evening have been changed from 6:45 to 8:45 p. m. for Training Union and from 8:00 to 7:00 p. m. for the Worship service.

Rev. Jerry Voye Speaks To Church Women

The Everglades Presbyterian Church was the setting for a General Meeting of Women of the Church Saturday afternoon, September 25th. Guest speaker was Rev. Jerry Voye, Pastor of the North Palm Beach Presbyterian Church. His address to the group was on "Christian Education." He pointed out the role parents have in this important field. Outgoing officers presented their annual reports and the following announcements were made by Mrs. Al Harris, President. Women's Council will meet at the Church Thursday, Sept. 30th at 4:00 p. m. Outgoing and incoming officers are urged to attend. Circle meetings for October are scheduled as follows:

- No. 1 Monday, October 4th with Mrs. Mae Laffin, 8:00 p. m.
 - No. 2 Tuesday, October 5th with Mrs. Dick Murray, 10:00 a. m.
 - No. 3 Tuesday, October 5th with Mrs. James Fraser, 3:30 p. m.
 - No. 4 Tuesday, October 5th with Mrs. Theron Casselman, 8:00 p. m.
- After the adjournment of the meeting, refreshments were served by Circle No. 3 with Mr. Harold Brough as hostess.

A FRUITFUL VINE

Once this vine was just a seedling, struggling to survive. Now look at it! Each year it grows stronger and yields a greater harvest. The Christian faith has grown and flourished like the vine. From the seeds of the early church, Christianity continues to spread its joyful message to people everywhere. World-wide Communion Sunday is a day for Christians of every creed to meet in spirit at the Lord's Table. This annual event makes us deeply aware of our brotherhood within the Church whose truths we share. Come and take part in this special service. Your prayers, and those of all Christians, will combine to strengthen the roots of God's vine throughout the world.

Varios vecinos de Belle Glade sufren el dolor de la pérdida de seres queridos fallecidos recientemente.

El día 10 de Septiembre en la Habana tuvo lugar la muerte de Mercita Guell Yda, de Diego madre de Elena Diago de Arellano y de Matilde Diago. Y en Belle Glade se hallan sus nietas Pefa Cano de Tarafa y Yfina Cano de Larrondo.

El Sábado pasado fueron las Damas de la Legión de María, a casa de María Luisa y Paco de la Vega, a rezar un rosario por el alma de la Sra. Rosalía Hernández Miro Vda. de Cay, quien falleció en la Habana el día 22 de Septiembre del actual. Era la hermana mayor de Leonilda Hdez. Miro Vda. de Rivero, y de Cristina Hernández Miro.

Le hacemos llegar nuestros más sinceros pésame a sus hijos Lucy Cay, Olga y Raúl Cay. A sus sobrinos, Pedro Hernández y Mercedes Menocal, y a la Sra. Sylvia Hernández, viuda de Pepin Rivero, y demás familiares.

El miércoles 22 de Septiembre enterraron en Miami a la Sra. Conchita Pla, tan querida por todos. La acompañaban su hermana Juilita Pla, sus hijos Filii Juncadella Vda. de Aspiari y familia, Marciana y Ernesto Fonta, Esteban Juncadella y su esposa Yolanda Xiqués.

Nuestro más sentido pésame llegue a ellos.

Con gran tristeza sentimos la muerte del hijo recién nacido de María de los Angeles y Manolo Belancourt, ocurrida en Caracas, Venezuela.

Es dolorosa la gran pena de perder a su bebé.

NOTICIAS DE BELLE GLADE.

El Sábado 25 de Septiembre cumplió dos años Rosendo Petreña, hijo de María y Mario Petreña, quien peso muy contento sus cumpleaños junto a sus padres, sus hermanitos y tíos. Felicitados.

Las lindas niñas Adela María y Lourdes Tomez, hijas de Beba y Enrique Tomez Jr., recibieron en su residencia de Belle Glade un grupo muy simpático de sus amiguitas, con motivo de sus cumpleaños. Celebraba una su fiesta y la otra ocho años. Muchas felicitaciones.

Armando Montalvo, joven estudiante de 16 años, hijo de Cora y Eduardo Montalvo, se halla cursando sus estudios en Staunton Military Academy, en Staunton, Virginia.

Los juegos de Fútbol en Belle Glade fueron ganados por Forest Hill 6-0. Perdió los RAMS. Belle Glade, contra sus más fuertes adversarios. Pero los muchachos no pueden dejar decaer su ánimo, pues todavía recordamos el viernes anterior, la victoria de 35-7 sobre Boca Raton.

El próximo juego está señalado para Octubre 1, con Okeechobee.

En deportes, en el Juego de Bolos, se distinguió Rene Gonzalez en Palm Spring Lanes, con 556 scratch.

El día 12 de Septiembre fue el cumpleaños de Mario García, y con sus esposas Mariana reunieron en su casa en un almuerzo, a un grupo de sus amistades. Asistieron Pepe y Nelia Fernandez, Antonio y Melba Moron, Lillian y Enrique D'Abrego, Teresita y Ramon Gomez, Margot y Momie Acosta, Lily y Jorge Cano, Lourdes y Humberto Mata, Pedro Pablo y Nieves Michelena, Richard e Irida Ruiz Margot y Tim Bryans, Carlos Pena y María Ely.

Batán bajo la dirección del Parroco Father Fenech, supervisados por Sister Cecilia Marie y Sister Celestine Marie, se pertenecen a Our Lady of Victory Missionary Sisters, en Belle Glade.

SAD NEWS.

Several Belle Glade neighbors suffer the sorrow of having lost their loved ones who died recently.

On September 10th, in Havana, Mrs. Mercita Guell Diago died. She is the mother of Elena Diago de Arellano and Matilde Diago. And in Belle Glade are her granddaughters: Pefa Cano de Tarafa and Yfina Cano de Larrondo.

Last Saturday, the Ladies of the Legion of Mary, visited Maria Luisa and Paco de la Vega's home, to pray a rosary for the soul of Mrs. Rosalía Hernández y Miro (widow of Cay), who passed away in Havana, last September 22nd. She was the oldest sister of Leonilda Hdez. Miro Rivero, and Cristina Hernández Miro.

Our deepest sympathy to her children Lucy Cay, Olga and Raúl Cay. And to her nieces and nephews Mercedes Menocal and Pedro Hernández, and to Mrs. Sylvia Hernández Vda. de Rivero and other relatives.

On Wednesday, September 22nd, in Miami, took place the burial of Mrs. Conchita Pla, so well loved by everyone. She was accompanied by her sister Juilita Pla, and children: Filii Juncadella Vda. Aspiari & family, Marciana and Ernesto Fonta, Esteban Juncadella and Yolanda his wife.

Our condolences to all their families.

With great sadness we give the news of the recent death in Caracas, Venezuela of the newborn baby, a few days old, of Maria de los Angeles and Manolo Belancourt, occurred in Caracas, Venezuela.

It's such a great sorrow to lose their small baby.

BELLE GLADE NEWS.

Saturday, September 25th. Rosendo Petreña was two years old. He is María and Mario Petreña's son, who spent his birthday very happily with his parents, brothers, sisters and uncles.

Adela María and Lourdes Tomez, pretty daughters of Beba and Enrique Tomez, Jr., received at their Belle Glade residence a very nice group of friends, on account of their birthday. They celebrated their seventh and eighth birthdays. Congratulations.

Armando Montalvo, young 16-yr-old student, son of Cora and Eduardo Montalvo is studying at Staunton Military Academy in Staunton, Virginia.

The football games in Belle Glade were won by Forest Hill 6-0. The Belle Glades RAMS lost to their stronger adversaries. But boys do not let your spirits down, remember our previous victory 35-7 over Boca Raton.

The next game this season is set for October 1st, against Okeechobee.

In Sports, in the Bowling Game, Rene Gonzalez stood out in Palm Spring Lanes, with 556 scratch.

On September 12th, was Mr. Mario García's birthday, and together with his wife Mariana had a lunch party for a group of their friends. Attending were Pepe y Nelia Fernandez, Antonio y Melba Moron, Lillian y Enrique D'Abrego, Teresita y Ramon Gomez, Margot y Momie Acosta, Lily y Jorge Cano, Lourdes y Humberto Mata, Pedro Pablo y Nieves Michelena, Richard e Irida Ruiz Margot y Tim Bryans, Carlos Pena y María Ely.

La CCD (Comunidad de Doctrina Cristiana) de la Iglesia St. Philip Beniti, registro 180 alumnos y alumnas para sus Clases de Religión, para los estudiantes de la Escuela Elemental y de Junior High. Son instruidos por maestros voluntarios de la jerarquía: Mrs. Ann Connor, asistida por Adela Iglesias; de 2o. grado: Sister Cecilia Marie; 3er grado: Ann Youghick; 4o. grado: Angelita Sanchez; 5o. grado: Mrs. Bruce Brown; 6o. grado: Justina Weber; 7o. grado: Mrs. John Weber; 8o. grado: Mrs. John Vernon Deater.

El día 21 de Septiembre cumplió 23 años el Sr. Octavio García, Junto a su esposa Elena y su hijo Octavio de 5 meses. Le dieron un "party" en su casa Su mamá Teresa García, y sus hermanos Ernesto, Dalmacio y Chiqui se hallaban presentes. Tambien Carmita y Chequin García, Mireya y Juan de Armas con sus hijos, Marta y Mario Petreña y los niños, y varios matrimonios más.

Cora Sanchez Agramonte de Montalvo, está en su voz en todas las cosas latinas de Belle Glade, avivando en nuestros hogares el recuerdo de nuestra Cuba querida.

Su disco BRISA TROPICAL, long playing acabe de ser publicado con doce de sus inspiradas composiciones, de tanto sabor cubano y fino estilo, in her expressive and poetic voice, accompanied by her guitar, interpreta con gusto natural y emotivo. Se oye con nostalgia y otra vez, siempre evocándonos dulces recuerdos y sentimientos. Algunas de sus canciones las interpreta a trio con Kiki Skirving y Mercy Remos, arreglo vocal del gran maestro Gonzalez Rubiera (Guyana). Otras acompañada por el pianista y organista Cesar Morales.

67 refugiados Cubanos que salieron en dos botes desde Pinar del Rio, fueron recogidos por el Coast Guard en Miami el día 21 de Septiembre. Son 35 hombres, 13 mujeres y 19 niños, desde 6 meses hasta 74 años.

El ultimo ciclón "DEBBIE" se hallaba rondando las costas de Cuba. Sus vientos eran de poca fuerza, pero al irse al mar, se fortalecieron. Esperamos que para estos momentos ya haya aminorado.

This last hurricane DEBBIE was ronding the Cuban coast. The winds do not carry much force, but it sure brings a lot of water. The canal's water level are lower. But we hope that by this time, the hurricane will be dissolved.

On September 21st Mr. Octavio García was 23 years old. With his wife, Elena and son Octavio, 5 months old, they had a party at home, attended by Mrs. Teresa García, his mother, and brothers, Ernesto, Dalmacio & Chiqui García. Also present were Carmita & Chequin García, Mireya & Juan de Armas and children, Marta & Mario Petreña and family, and other couples.

In Our Latin homes, we have Mrs. Cora S. Montalvo's voice, enlightening our hearts, remembering our Beloved Cuba, in her long playing record TROPICAL BREEZE, with twelve of her inspired compositions, so full of Cuban taste and fine style, in her expressive and poetic voice, accompanied by her guitar. They are nostalgic songs evoking sweet memories and sentiment. Some of her songs she interprets in a trio with Kiki Skirving and Mercy Remos, vocal arrangement of the great maestro Gonzalez Rubiera (Guyana). Other songs accompanied by the pianist and organist Cesar Morales.

67 Cuban refugees left Pinar del Rio province, and were picked up by the Miami Coast Guard on September 21st. 35 men, 13 women and 19 children, ages 6-months to 74 years old.

The last hurricane DEBBIE was ronding the Cuban coast. The winds do not carry much force, but it sure brings a lot of water. The canal's water level are lower. But we hope that by this time, the hurricane will be dissolved.

World-Wide Communion Observance

World-Wide Communion services will be observed at Community Methodist Church at 11 a. m. along with other church observances being held in all lands. Offerings from this day are contributed to the Army camps for the Chaplains work, also cases not included in other mission programs, that need help. At the evening service Rev. Boland will deliver his sermon topic "The Love That Constrains Us" at 7:30 p. m. and the rest of the services will be in charge of the senior Young People.

Ryan Wood of the Memorial Presbyterian Church of West Palm Beach led the people in reading the old and New Testament lessons from the Scriptures and in a litany of dedication.

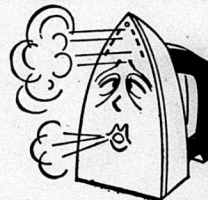

Holy Communion

Ruling Elder Joseph W. McIlwain, clerk of the Session of the Everglades Presbyterian Church, has announced that the congregation of the Everglades Church will observe the Sacrament of Holy Communion at the eleven o'clock worship service on this Sunday, October 3.

He has also announced that a congregational meeting for the purpose of electing new members to the church's Session has been called for Sunday, October 3.

Thom McAn's new leather has hair on its chest. A new grain: big, meaty, bold. A new color: charcoal-broiled brown. But soft enough for traditional hand sewing of the moc seam.

This is a genuine moccasin, made the way the Indians did: a single piece of leather cradling your foot, and unlined up front. But at the back—ehhh! Here Thom McAn adds his famous Soft Lining—cushiony, breathing foam covered with sleek, smooth nylon. Instant tenderness. Total comfort.

What else is new? The old classic look. Now it's got muscle. Beefsteak slip-ons, low or low boot.

Falcons Slip By Golden Rams

Football games at Vero Beach and Okeechobee will attract considerable attention in the Suncoast Conference this week. Each will have a bearing on the races in the two divisions.

Unbeaten Palm Beach, the defending Suncoast champion, will be after its 14th straight victory at Vero Beach. The Wildcats have two Eastern Division wins, while Vero hasn't played a conference game.

Unscored upon in two Western Division games, Okeechobee hosts Belle Glade, which won its only conference game two weeks ago. The Brahmins have a win and a tie so far.

Only one other Eastern game is on schedule. Fort Pierce-McCarthy, which has lost two in a row, plays at Riviera Beach, still looking for its first points after a pair of defeats.

Other Western contests are Jupiter at Boca Raton and Clewiston at Stuart. Non-conference games list Fort Myers and Forest Hill, Pompano Beach at Seacrest, Pahokee at Fort Lauderdale, Nova and Lake Worth against Cardinal Newman.

All games are scheduled Friday night. Palm Beach, continuing to find generosity in its opponents, captured its second straight 14-0 decision at Riviera Beach last Friday. Lake Worth gave up six fumbles the week before in losing to Palm Beach.

Vero Beach has split with two Brevard County opponents, losing Friday to a very good Melbourne club 7-0 on a 62-yard pass play in the first quarter. It was a tough defensive battle the rest of the way.

Surprising Okeechobee played a scoreless tie with Jupiter in its opener and stopped Stuart three times inside its 10-yard line Friday night before scoring a fourth quarter touchdown on Cliff Betts' two-yard plunge for a 6-0 victory.

Belle Glade was stopped

four times inside Forest Hill's 5-3 line in the last two minutes and lost a 6-0 decision in the Falcons' opener. Fullback John Sanseverino went 12 yards early in the fourth period for Forest Hill's touchdown.

In other games last week end, Lake Worth drove 77 yards in the fourth quarter for a touchdown on a fumble recovered in the end zone by Trojan tackle Mike Corey for a 6-3 victory over Dan McCarthy. Mandy Morrell ran 77 and 23 yards from scrimmage and Mike Corey for a 6-3 victory over Dan McCarthy. Jaycees Bring Home Trophy

Richard A. Poston, Jr., won first place in the County Golf Tournament, sponsored by the Palm Springs National Country Club.

Dick shot a scratch 90 in the handicapped tournament. The first place trophy was

awarded to Jim Normand, local Jaycee president, at Palm Springs, Sunday, when the Belle Glade Jaycee softball team played Jupiter Jaycees in a district softball tournament at Palm Springs.

Also representing Belle Glade and the Belle Glade Jaycees in the tournament was Jim Normand, Bill Aspey, and Ray Alston, both past presidents. Their scores were classified confidential & not disclosed.

The local Jaycee softball team dropped the Sunday game to Jupiter Jaycees by a score of 7 to 1. They had previously won over Lake Worth Jaycees on the previous Sunday by score of 23 to 9. This is a double elimination tournament and team manager Milt McKay has high hopes that the Belle Glade team will be able to go undefeated through the rest of the tournament and bring the winner's trophy home.

Mobile Park Owners And Dealers To Meet Oct. 4

"There are 400,000 people who live in Mobile Homes," John Kiermann, president of the Florida Mobile Home Association Palm Beach Chapter, said, "many of whom spend but four to six months in Florida. The shot in the arm these people give to our economy is tremendous. Should taxes on Mobile homes become unreasonable, these people may not come back."

Many retired people on limited incomes have chosen mobile home living in Florida. "These people, with no children in school, are willing and able to pay a fair and just tax," the Association president continued. "However, high and inequitable taxes will drive them away. Business over a great area of Florida will be adversely affected."

During the last session of our State Legislature, the Mobile Home Association was able to get an amendment through where taxation of mobile homes would be returned to the Motor Vehicle Commission as formerly. Many manufacturers in Florida already have reduced their working force due to the State Supreme Court decision passing Mobile Homes for tax-

ation purpose under personal property tax. This has contributed to unemployment in those areas. The Association has called a meeting in Belle Glade for Monday, October 4, 1965 at 8 p. m. in the Woman's Club Building, urging that all Trailer Park owners, operators and dealers attend.

Rams Fight To Finish

Teacher Disappointed With Lack Of Spirit At Pep Rally

By Mrs. Lanier
Why do you suppose a teacher might be called upon to write about school spirit? In this case, perhaps because I feel very deeply about student behavior and response and let it be known.

Last Friday, as a new teacher who loves football, I was really looking forward to my first Belle Glade Golden Rams pep rally, and football game. And was I disappointed! No, NOT in the football players and their game or the cheerleaders, but in YOU, the Belle Glade High School students!

I made the remark that "if the boys couldn't play any better than the students supporting them they might as well forget being at the stadium Friday night."

Well, thank goodness they were home tomorrow night with no thanks to you! During the pep rally, I walked outside the gym — I could not even understand the words you were SUPPOSED to be "yelling!" Please, if you are going

to be a part of anything, don't cheat yourself and your workers (in this case cheerleaders and players) by being anything less than a 100 percent backer. Supporting those people who are out to bring honor to your school — learn the school yells and participate — be enthusiastic and other schools will respect your school a great deal more.

Do not misunderstand me — cat calls — loud RUDE noises — and other attempts at reproductions of wild animal sounds do NOT belong at pep rallies — or anywhere else! This is NOT a sports event, those are individual, rude shows off who only hurt their school reputation and break down school spirit!

Thanks to our cheerleaders, coaches, and football players, we are off to a great start this year — let's back them 100 percent from now on — win, lose or draw. You owe it to yourself to make your school stand for honor and spirit!

The Golden Rams lost a heartbreaker to the Forest Hill Falcons in the last seconds of the play. With seconds remaining in the game the Rams had the ball on the one yard line on the third down but the Falcon defense held up for two plays.

J. V.'s Bid For Victory

The Belle Glade J. V. team will travel to Forest Hill tonight for their second tilt of the year.

The Junior Varsity will try to muster up their offensive which was held scoreless during their first game.

The Rams will be facing a large team, both in size and number. Coach Hilburn states that the team has been working hard and is ready to go.

Car Parades Are Scheduled

Car parades are held after many of the pep rallies on Friday afternoons. They are planned to arouse pep and spirit for the games.

The Student Council decides the number of parades. Governing rules are decided upon by the Police department and the Student Council.

Each parade is escorted by a policeman as the procession goes from and back to school.

School policy rules for parades are no outside riders or no breaking lines, trying to pass other vehicles.

Players Promoted

Mike Foster, Archie Kirchman, and Terry Mann were promoted from the Rams to the Varsity after the Varsity-After the Boca Raton game.

Coach Bill Burke thinks they will bring greater strength to the team.

Among the three, Mike Foster is a sophomore tackle, Archie Kirchman is a Junior end and linebacker, and Terry Mann is a sophomore end.

With a capacity crowd watching, John Sansevero ran a twelve yard touchdown for Forest Hill's only score on the first play in the fourth period. The kick failed.

The game was a rerun of last year's game. The score was the same 6-0. The Falcons stopped the Rams on the one yard line both years, even though the Golden Rams thought they were in the fourth period. The kick failed.

Outstanding players were George McDonald, who punted four beautiful punts, played a tough defensive end, and ran the ball well, and Duane Stokes who played a tough linebacker position and got in on many tackles. Others who played well were Carl Wall, Tony Latour, Pat Gilbert, John Lee Henderson, Ray Sullivan, and the Starks.

There was one intercepted pass in the game and that was by Mickey McGee. Also, the Starks recovered four fumbles, one which stopped a Forest Hill drive on the five yard line.

Although outweighed, the Rams were tough and played a great ball game.

JV Cheerleaders Introduce Members

The Junior Varsity cheerleaders had a chance to "show their stuff" last Thursday at the first B-tournament game at Stuart.

The squad has been practicing almost daily since August 16. The practice has resulted in excellent teamwork and good, loud cheers.

Pam Whitlock was chosen by the members of the squad as captain for the year. The only thing she doesn't like about being captain is "When I have to yell at the kids and they get mad at me." A sophomore this year, she has been cheering for her second year.

She lists some of her interests are skiing, piano, going to Riviera Beach, "certain uncorrelated football player." Her favorite subject is biology.

Katherine Smith has the distinction of being the oldest girl on the squad. She is a 15 year old sophomore cheering for her second year.

Her favorite subject is biology. When she is not practicing cheer, Katherine likes to sew, ski, and swim.

The things Katherine likes best about cheering are "water breaks during practice and riding home with Miss Crockett after the games."

Smiling, brown-eyed Aggie Gressinger is one of the four freshmen on the J. V. squad. Aggie is excited about starting her first year of cheering.

During her spare time she entertains herself with skiing, swimming, and rifle shooting.

Cynthia Theibaud, who turned 14 just two weeks ago, likes "watching the football boys during practice."

Her favorite subject is Spanish. Cynthia also likes archery which she learned at camp.

Pat Burkett had some panicky moments when she developed laryngitis just two days before the Stuart game, but she did get to cheer. She is a freshman from Stuart and a certain Pahokee boy.

Only 13, Brenda Buckner is the youngest member of the squad. Brenda is a bouncy, blue-eyed blonde. Her favorite pastimes are sidewalk surfing and "riding Daddy's motorcycle."

All the girls say they love cheering for the Rams.

Do You Know How To Park?

Most students will say that this is a silly question. But if you drive a car to school, more than likely, you will know the importance of it.

How many times have you been a little late getting to school and haven't been able to squeeze into a parking spot. Call it — aggravation! Usually the reason is that the next car is parked over the yellow line.

The parking spaces are marked off with ample space for even a Cadillac. But somehow, compact cars manage to straddle the line.

One car parked incorrectly can make all of the other spaces too small.

If every student will make an effort to park between the yellow lines, it will make a lot of drivers happy. However, if this problem is not corrected the police will be called in to give tickets to all cars incorrectly parked.

Pep Club Builds Ram's Head

'Spectators at the Forest Hill game the twenty-fourth were greeted by a large Ram's head. The head was built by the members of the Pep Club and fixed on the front of the press box above the stands.

The officers discussed the new idea at the first meeting and received approval from Mr. Morris. Kathy Barron, Connie Van Camp, Lara Livingston, Pat Young, and Jane Wiering, with the assistance of Mr. and Mrs. Goggins worked on the new image of our mascot.

The face of the Ram is gold on blue. The whole head is seven by nine feet. The Rams head is expected to create more school spirit than ever. "After all, we're the greatest, we ought to look it!" declares Jorgi Crews, secretary of the Pep Club.

Seniors Should Prepare Early

Seniors, who are planning to attend college are strongly advised to begin preparations well in advance.

If grades must be raised to enable one to enter a certain college, NOW, not later, is the time to start.

Many students find themselves unable to attend a certain university because of waiting too late to start studying.

The Senior placement test is another important factor in attending college. Many colleges that formerly required a score of 800 or better have raised the score to 850 because of increasing applications.

Applications by particularly high colleges should be made early this year since many major colleges fill up as early as February.

F.F.A. Hears Report On Daytona Trip

Ronald Shirley, president, presided over the first meeting of the Future Farmers of America last Tuesday evening. Mr. O. C. Prescott, manager of G. K. Chek, was a guest.

One topic of discussion was the planting of Sugar Cane. Seven acres will be planted and cared for by the boys.

The chapter discussed whether to initiate the 40 prospective members. A decision will be made later.

Charles Nicks was elected reporter to fill a vacancy left when the incoming reporter moved out of town.

Ronald Shirley reported on a trip to Daytona during the summer to represent the chapter in a vegetable judging contest. Ronald, and three other officers, Mike Wilson, Don Campbell, and Fred Davis left on June 11 and returned on June 16. They were accompanied by Mr. Sam Lovell.

Officers are Ronald Shirley, president; Don Campbell, secretary; Duane Stokes, vice-president; Mike Wilson, treasurer; Wayne Patten, secretary; Charles Nicks, reporter. Mr. Sam Lovell and Mr. James Goggins are sponsors.

Junior Civitan Reorganizes

New members were voted upon by the Junior Civitan Club on Monday, September 20. Projects for the year were also discussed.

Officers are Eddie Vandenberg, president; Gene Hollingsworth, secretary; Steve Kirchman, treasurer. The next meeting will be held on Monday, October 4.

Library Club Elects Officers

New officers were elected by the Library Club at their first meeting, held September 21. They are as follows: Henry Molina, president; Bryant Price, vice president; Lynda Sides, Secretary-Treasurer; and Sandra Betts, Student Council Representative.

The meeting was called by the club's sponsor, Mrs. Jones, for the purpose of unifying the old and new members and electing a new slate of officers.

Students interested in learning the fundamentals of being library assistants would find the Library Club very beneficial. It teaches such work as processing,

"Rammy" Stars At Game

"Rammy" made his first appearance of the year at the Boca game by leading the Rams onto the field.

"Rammy" has been the team's mascot for a year. He currently resides with the cheerleaders — rotating his residence each week.

Mr. and Mrs. Sam Henderson and Mr. and Mrs. Art Collins gave "Rammy" to the school. His blanket was made by Mrs. Collins.

"Rammy" is white with gold horns and hoofs. The cheerleaders are responsible for "Rammy." In addition to sheltering him, they take turns feeding and cleaning him.

Just like the football team, "Rammy's" toughness and school spirit can be seen every Friday night.

Former Beta Club Member Sponsors Betas

Mrs. Joan Lanier, speech and French teacher, will sponsor the 85-86 Beta Club. She takes over from Mrs. Helen Smith who is at Lake Worth. Mrs. Lanier was a Beta member in her high school in Albany, Ga.

The organization has 29 members from last year. New members will be inducted around Christmas time.

Mrs. Lanier originally from Albany, Georgia, is graduated from Huntington College in Montgomery, Alabama. She and her family moved to Belle Glade from Fort Myers.

Spirit Mounts As Students Rally

Students' spirit should really be high for tomorrow's pep rally for the first away game at Okeechobee.

Pep rallies change the regular school day to an activity schedule. Students look forward to this each Friday and should do their best to participate.

The student council plans each pep rally in the interest of school spirit. This week the dancers after the Palm Beach game, are something extra for entertainment.

Gossiping Gandy

How did you get that awful gash above your left eye, Mike S? Was it during or after the game?

Where were you really surprised to so fast last Saturday night, Richard Van? In the gym?

Who is it that steals Brenda K's corn? parking place every morning? Huh, Johnny M?

Who's the kid from Pahokee that helps (?) Brenda B. with her Contemporary History?

What's this I hear about a plot to assassinate the Journalism teacher? Huh — Ivan?

Hey-Dave W. — what were you and your buddies doing riding around in Clewiston, Sunday afternoon? Could it be more than just a casual visit?

Students Rally, Gossiping Gandy

There's a rumor going around the campus that there will soon be an addition of another club to our school's schedule of activities. I hear it's going to be called "The Belle Glade High School Wild Pet League," and the sponsor will presumably be "Ross' Haines!"

I just got the word that there might be a male sponsor for the F. T. A. Club this year! Gee, boys, now's your chance to join and find out what those kids really do when they tell the teacher that they're "Cadet Teaching!"

As usual, I've been eavesdropping around the campus recently, and have heard several comments on the real of the student body that you could prove wrong.

What's so appealing about those drag races you attend regularly with Tommy T. in West Palm Beach? Huh, Patricia H?

I hear that Martha S. has been making quite a

Kathy Ferguson — I don't know. It looks like Ellen because of her figure.

"Tension Builds As Horns Clash"

The Rams will get their first chance to shine away from home tomorrow night at Okeechobee will be host.

Cafeteria Staff Has New Mgr.

Mrs. Joet Connell, a cafeteria worker for two years, is the new head of the cafeteria. She replaces Mrs. Lenora Bush, who is now a dietitian at Glades General Hospital.

Mrs. Connell's staff includes nine full-time employees. She has several activities planned, including sweatshirt and stationery sales and management of the concession stand during football games.

Mrs. Lanier originally from Albany, Georgia, is graduated from Huntington College in Montgomery, Alabama. She and her family moved to Belle Glade from Fort Myers.

"Tension Builds As Horns Clash"

This is the first game with Okeechobee and their first year in the conference. The boys hope to establish lasting school relationships.

Coach Burk, who stated that the Rams will play a good showing, said that the lack of reserves is the biggest weakness on each team.

After having a disadvantage against Forest Hill with its extremely large team last week, the Rams are up against a team of their own size. Okeechobee has eight players who must play the entire game because of no replacements. However, these boys seem to get stronger as each game progresses.

Support the mighty Rams by going to the game in Okeechobee tomorrow night at 8:00 p.m.

SUNDAY'S

SUC

E very man has stick for me. For some, success is a matter of achieving. Achievement dictates the estate. The secret to a discovery or may be elated, less aware that more problems, unshared. Many of us a neighbor or an achievement has a "success" in the neighborhood, however, may be. He may be billions yet unshared. If we would we must establish. We must work. And we must with a single task accomplish get undone. We cannot do that we are. If we do, there sit back and ad. Wastefulness... deterioration be.
